

Nursery News

It is the end of the first half term and we have already learnt so much! This term, our topic has been *All About Me*. We have been learning about all ourselves: how old we are, our favourite colour, how tall we are and lots more! We have also learnt our new friends and teachers' names.

This week, we took part in the Festival of Conversations from BetterStart to celebrate storytelling and the magic it creates. The book we were reading together was "The Bear Who Stared", Duncan Beedle. We also asked our children to bring in a teddy bear and a bear themed book that we can read throughout the week together. We even read to some of our teddy bears! Some children made porridge for our bears, like in Goldilocks and the Three Bears!

We have also been celebrating Black History Month! We have enjoyed working as a class to build a bus in celebration of Joe Clough and considered the importance of welcoming and sharing our space with everyone!

Just look at the bus we made!

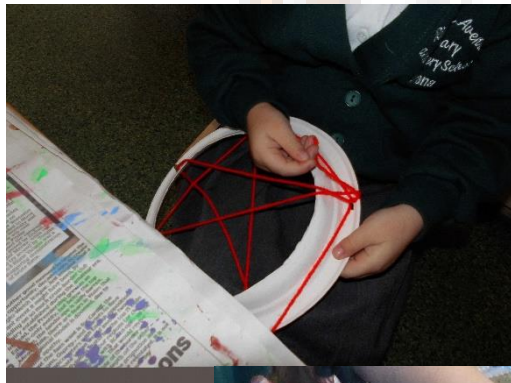

There's even more! We have been taking part in the Enterprise week here at the nursery. The children learnt about and made dreamcatchers, keyrings and magnets ready to sell at the Enterprise Sale this afternoon (21.10.2022).

Our dreamcatchers ready to keep our dreams safe

Fabulous fine motor development here

Finger printing for the magnets and key chains!

Thank you, Acorns, for a wonderful start to the new school year! We have had so much fun together and we can't wait to see you after the half term!
