## Sustainability with a Learning Focus

Let's make our school a greener place! Sustainability is about protecting our planet for the future by making smart choices today, from reducing waste and saving energy to recycling. We can all join in by turning off lights and packing waste-free lunches.

## PTA helpers / Volunteers

Do you have the time to help out with any school events this year?

We are always keen to welcome parents and carers onto the PTA and to be volunteers or helpers in the school.

Your support can be as little as helping sell Mothers Day items or running a stall at an event, to being a volunteer who comes into school to help on trips or listen to readers.

If you are interested in doing any of the above - or have an alternative idea of how you would like to support the school, please just contact the school office:
